

Flying above the waves atop an electric hydrofoil board is a relatively new way to have fun on the water, but eFoil beginners can struggle. The Flitescooter makes use of a large inflatable board and mid-mount handlebars to help folks get started. Australia's Flite is the latest manufacturer to focus on making the "ultimate easy rider" for noobs, following other beginner-friendly efforts from
Lift
and
Awake
. But the Flitescooter sports a handlebar for more stability, balance and control.
